### Establishment of ornamental fish breeding and culture centre

Bioved Research Institute of Agriculture, Technology and Sciences (BRIATS) has established an Ornamental Fish breeding and culture centre at its Bioved Krishi Prodyogiki Gram Moharab, Sringverpur, Allahabad for mass production, marketing and providing all scientific know how to those who are interested for getting self employment and income generation. This centre has identified and standardized the process of breeding and culturing different species of ornamental fishes. There is high demand of these fishes in Allahabad Mandal (Allahabad, Kaushambi and Fatehpur). This business will prove boon for landless poor people, small farmers and specially farm women for getting self employment through

breeding, culturing and selling of ornamental fishes.
